**Complimentary Countertops:** White

**Notes on interior decorating with wood countertops:**

Mick designed this countertop to provide a warm seating area for this large island. He added a touch of personalization with the addition of a shark tooth miter. In addition, this wood countertop has an integrated bowl to keep eggs and vegetables handy and avoids them from rolling off the counter. To view a video of Mick and Paul Grothouse discussing the details of the countertop design click on the following link [Wenge wood countertop in House Beautiful Kitchen of the Year](#).
